IN THE U.S. PATENT AND TRADEMARK OFFICE

In the Patent of: Kyle, et al.

Issued: August 19, 1997

U.S. Patent No. 5,658,767

Title: ARACHIDONIC ACID AND METHODS FOR THE PRODUCTION AND USE THEREOF

Honorable Commissioner of Patents and Trademarks
U.S. Patent and Trademark Office
Washington, D.C. 20231

## NOTIFICATION OF CHANGE IN STATUS

Sir:

In accordance with 37 C.F.R. §1.28(b), Patentee hereby notifies the Comissioner that the subject patent is no longer believed to be entitled to small entity status. Furthermore, Patentee now believes that loss of entitlement to Small Entity status occurred subsequent to the filing of original parent application Serial No. 08/645,454 on January 24, 1991, but prior to filing of application Serial No. 08/367,881, on which the subject patent issued. Therefore, a check in the amount of two thousand six hundred and thirty dollars ($2,630.00) is enclosed in accordance with 37 C.F.R. §1.28(c) in payment of the deficiency between the amount of fees paid in the subject application and the amount due.

Patentee also now believes that entitlement to Small Entity status lapsed prior to the filing date of priority applications Serial Nos. 08/202,878 and 08/035,507, both now abandoned. The Commissioner is authorized to charge any fee deficiencies resulting from loss of small entity status for these abandoned applications to Deposit Account No. 02-0375.
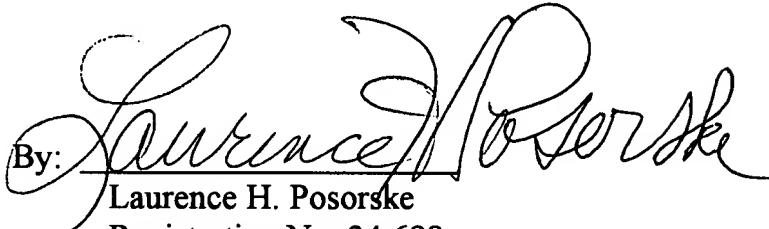

It is believed that no other fees are due in the subject patent; however, should there by any discrepancy between the fees calculated by Patentee and those actually due, the Commissioner is authorized to charge or credit the difference to Deposit Account No. 02-0375.

Respectfully submitted,
